

## Installation instructions for Nelson-Rigg® Tank Bags CL-300,350 & 600, SSC-110 & 120

Read instructions carefully before installation. If you have any questions or something is unclear, please contact us or your dealer for clarification. Make sure your motorcycle is clean and free from dirt, road grime etc. where the Nelson-Rigg® luggage mounts.

Clean gas tank before installing Tank Bag. Open flaps and gently position bag on gas tank. Make sure the bag does not interfere with the controls or your ability to safely operate the motorcycle. Low flaps gently onto the tank to secure the bag.

### NOTE

The strong magnets used to retain the bag to the gas tank could effect a variety of electronic devices and electronic storage units such as: cell phones, lap top computers, iPods® palm held communication devices, digital cameras, floppy discs, zip cartridges, smart cards, cassettes etc.

Make sure if carrying any of these, they are stored as far away from the magnets as possible. The office organizer under the lid would be better suited for such items, but store at your own risk.

Make sure bag is free from dirt, dust or metal particles prior to fastening to gas tank.

### Warning:

Read the installation instructions and make yourself familiar with the process of installing the Nelson-Rigg® product(s) on your bike. It is your responsibility to mount the product correctly and securely as outlined in these instructions. Nelson-Rigg® products are intended for use at USA street legal speeds as posted by the individual States. Nelson-Rigg® luggage must not be overloaded. Max carrying capacity is 10 lbs per bag or the maximum load suggested by the manufacturer of the vehicle, whichever is less.

Failure to adhere to these warnings may result in, but not be limited to: the luggage becoming detached, the product becoming tangled in moving parts of the vehicle, unstable vehicle dynamics, reduction in the ability to control the vehicle. The result(s) of could lead to serious injury.

**Always ride safely, adhering to the local highway regulations. Always wear a helmet and protective apparel.**
